

Interrupting Hate in Public Spaces

A free community workshop on active bystander intervention

As tensions flare and incidents of public hate skyrocket, join us as we explore what inhibits us from interrupting hate. Learn how to overcome those inhibitions and practice skills for becoming a strong ally for all those targeted in today's hostile climate. Using tools and methodologies proven over decades of use from Training Active Bystanders, we will learn how to build a culture of peace by engaging in active nonviolence.
