

Story of a Holocaust Rescuer

Join us for a riveting story and hear how "One Person Can Make a Difference!"

Irene Gut Opdyke
Rescuer/Survivor

Jeannie Opdyke Smith
Speaker

Jeannie, daughter of Irene, tells a very special story.

The story she tells, although filled with the horrors and hate that the Holocaust holds, also brings the message that faith, love, and hope can triumph over evil. It proclaims the conviction that one by one we can say no to hatred, persecution, and prejudice.

*The story speaks of the power of love and encourages the fact that
"One person can make a difference!"*

Love is the greatest weapon we have, Hate is easy, it takes real courage to Love.
