Learn how one person can change the world! Francis Njuakom Nchii grew up in poverty, and through witnessing the plight of widows and elders in his native homeland he was motivated to focus on uncovering the hidden potential of people beneath the face of poverty.

Jack introduced us to Francis at Skamania Lodge. Now hear from Francis, the founder of CDVTA, Cameroon's leading organization promoting homecare for the elderly at the grassroots level. On his US Latrine Tour, Francis is working to change lives in Cameroon, particularly women and the elderly.

Learn more about his vision of engaging elders into one voice at
